Safeguard your investment

# LOGSTOR WeldMaster Value Proposition

With the WeldMaster concept, a correct welding process and installation of the weld joint is secured, and for each joint you will have a documented online supervision. This secures a long and flawless life time of the pre-insulated pipe system.

WeldMaster value propositions:

- 2D bar code on the joint ensures correct setting for the welding process
- Welding pressure is controlled by the WeldMaster
- The installer gets immediate feedback if the welding process is approved or not approved
- The installer must sign off for correct installation and inspection
- Photo documentation executed by the installer
- Easy documentation at commissioning . Possible to follow the documentation of each welded joint by achieving a license to the WeldMaster Portal
